

As part of the tender for the lease of a test stand, the tenderer must enclose a description of the research project proposed for the test stand in connection with the installation of a prototype wind turbine on the test site in question in accordance with the applicable tender conditions.

The tenderer must forward a description of a research project for each test stand that it wishes to lease.

**4. Other tender information**

(to be enclosed as separate appendices to the completed tender form)

- Form stating general company information, see Appendix 2.
- Solemn declaration regarding the extent to which the tenderer has any outstanding debt to public authorities, see Appendix 2a.
- Full service certificate from the Danish Commerce and Companies Agency or other sufficient information stating that the tenderer is not in any of the situations described in Appendix 2b, clause A7, see Appendix 2b.
- Declaration from an independent accountant regarding the tenderer's total revenue and equity for the latest three financial years, see Appendix 3a.
- Declaration from an independent accountant or bank confirming that the tenderer's financial circumstances are such that it can undertake the proposed research project and fulfil its obligations in accordance with the draft lease for the test stand or stands that it wishes to lease and which forms part of the tender material as Appendix C and Appendix D, see Appendix 3b.

- In the event that the tenderer consists of an association of companies (generally, eg, a consortium) the above-mentioned declarations and information must be provided for each individual company.
- All information and applications for participation must be submitted in Danish or English.
- All tender material must be forwarded as one paper original, one copy and as PDF files by e-mail, see Information to Tenderers.

- In this connection DTU requests tenderers to clearly indicate which information or elements the tenderer wishes, as far as possible, to have excluded from any right to access public documents, see Information to Tenderers.
